Summer-Fall 2021- Participated in Phase I survey work near Memphis, TN

Fall 2021- Participated in Phase I survey work documenting potential sites surrounding a Middle Woodlands burial mound near Nashville, TN

Fall 2021- Participated in Phase I survey work documenting potential sites in the Daniel Boone National Forest for the Kentucky Department of Fish & Wildlife

Fall 2021- Photographed Early Archaic Projectile Points, University of Louisville's Center for Archaeology and Cultural Heritage (CACHE)

Fall 2021- Participated in Phase II excavations at a late 19th century historic site near Evansville, IN

Winter 2022- Participated in Phase I survey work documenting potential sites in Kisatchie National Forest for the Louisiana department of Fish & Wildlife

Winter 2022- Participated in Phase I survey work documenting potential sites in Oldham County, KY

Spring 2022- Participated in Phase I survey work documenting potential sites near Gallatin, TN

Summer 2022- Participated in excavations at Lapa do Picareiro, an Upper Paleolithic cave site near Mira de Aire, Portugal in conjunction with the University of Louisville

Fall 2022- Participated in Phase I survey work documenting potential sites near Lookout Mountain in Chattanooga, TN

Fall 2022- Participated in Phase I survey work documenting potential sites in Hazard County, KY

Summer 2023- Participated in Phase I survey work documenting potential sites near Cookeville, TN

Summer 2023- Participated in Phase I survey work documenting sites associated with 40Ch17, a Late Archaic Shell Midden site in Cheatham County, TN

Summer 2023- Participated in archaeological surveying at the Copelin Valley site in conjunction with the University of Louisville in Hardin County, KY

Fall 2023- Participated in Phase I survey work documenting potential sites in Spencer County, TN

Fall 2023- Participated in a Phase I metal detector survey around Nathan Bedford Forrest Park, TN

Fall 2023- Participated in Phase I survey work documenting potential sites near a potential Mississippian village in Paris, KY

Winter 2024- Participated in Phase I survey work near Nashville, TN

Spring 2024- Conducted a Phase I survey work documenting potential sites near Madison, MS for Acheulean Consulting

Spring 2024- Conducted a Phase I survey work documenting potential sites near Biloxi, MS for Acheulean Consulting

Summer 2024- Conducted a Phase I survey work documenting potential sites near Malabar Springs, FL for Acheulean Consulting

Summer 2024- Conducted a Phase I survey work documenting potential sites near Wellington, FL for Acheulean Consulting

Summer 2024- Conducted a Phase I survey work documenting potential sites near Moncada, FL for Acheulean Consulting

Summer 2024- Conducted a Phase I survey work documenting potential sites near Vero Beach, FL for Acheulean Consulting

Summer 2024- Conducted a Phase I survey work documenting potential sites near Pascagoula, MS for Acheulean Consulting

Summer 2024- Conducted a Phase I survey work documenting potential sites near Monroeville, AL for Acheulean Consulting

Summer 2024- Conducted a Phase I survey work documenting potential sites near Danville, VA for Acheulean Consulting

Summer 2024- Conducted a Phase I survey work documenting potential sites near Port Republic, VA for Acheulean Consulting

Summer 2024- Conducted a Phase I survey work documenting potential sites near Nomini Grove, VA for Acheulean Consulting

Summer 2024- Conducted a Phase I survey work documenting potential sites near Partlow, VA for Acheulean Consulting

Summer 2024- Conducted a Phase I survey work documenting potential sites near St. Augustine, FL for Acheulean Consulting

Summer 2024- Conducted a Phase I survey work documenting potential sites near Osceola, FL for Acheulean Consulting
